CEDAR HILL ASSOCIATES NAMED “MANAGER OF THE DECADE”

PSN/Informa Investment Solutions recognizes large cap equity strategy

(Chicago – April 23, 2010) – Cedar Hill Associates, a Chicago-based investment advisor, was named “Manager of the Decade” for their large cap core equity strategy by PSN/Informa Investment Solutions, a leading manager database provider used by investment consultants, plan sponsors and financial advisors.

PSN/Informa Investment Solutions awarded the top 10 managers in each investment category based on 10-year investment performance and risk measurement with the designation. For the 10-year period ending December 31, 2009, Cedar Hill ranked in the top 1% of a universe of 431 large cap core products managed by 272 managers.

“We’re thrilled to be recognized by PSN as ‘Manager of the Decade,’” says Alan Cole, President of Cedar Hill. “We believe the designation reflects our investment goal of seeking consistent returns through a full economic cycle. Over the last 10 years, the stock market has experienced significant volatility through both ‘Bull’ and ‘Bear’ markets. Managing risk is an important principle in Cedar Hill’s approach to delivering wealth management solutions to our clientele.”

Past performance is not necessarily indicative of future investment results.

Cedar Hill Associates, a majority-owned subsidiary of MB Financial Bank, is a fee-based investment management firm that specializes in serving high net worth individuals and their families, foundations and endowments.

MB Financial Bank’s holding company, MB Financial, Inc., is traded on the NASDAQ as “MBFI.” MB Financial has approximately \$10 billion in assets. MB Financial Bank (www.mbfinancial.com) is a locally-

operated financial institution that has been delivering competitive personalized service for 100 years to businesses and individuals who live and work in the Chicago metropolitan area.
